F. A. LEE.

CLARK STILL SENATOR

He Is Reappointed by Acting Governor Spriggs of Montana.

GOVERNOR IS ABSENT

Governor Smith Is a Partisan of the Daily People and Spriggs Favors Mr. Clark—Smith Is Hurrying Back Home.

Helena, Mont., May 16.—Acting Governor Spriggs last night appointed W. A. Clark United States senator to serve until the next legislature shall elect his successor. Senator Clark's resignation was filed early yesterday and he was appointed by Acting Governor Spriggs to succeed himself. Governor Spriggs has all along been a friend of Senator Clark during his candidacy for the senatorship.

Governor Smith, a partisan of the Daily people, left two weeks ago for California to attend to some mining cases in which he is retained as attorney. At that time there was no thought of Senator Clark resigning and his enemies were confident he would be unseated by the United States senate. The resignation came as a surprise to the people of the state who had no inkling of the coup prepared.

Governor Spriggs was besieged all day by individuals and by delegations friendly and hostile to Mr. Clark. Senator Clark accepted the appointment.

WILLIAM A. CLARK.

ment in the following reply to Acting Governor Spriggs' message:

"I have the honor to acknowledge the receipt of your very complimentary message informing me of my appointment to fill vacancy in United States senator caused by my resignation, and to inform you of my acceptance thereof. I fully appreciate the high compliment implied by your action and pledge myself to discharge the duties of the office in the interest of all the people of the state to the best of my ability. With assurances of my esteem, I am yours sincerely."

INTERVIEW WITH SMITH.

The Governor Surprised at the Appointment of Clark as Senator.

San Francisco, May 16.—The Examiner prints an interview from Wadsworth Nev., with Governor Smith of Montana who is enroute from California to Helena, Mont., in which the governor is quoted as follows, concerning the resignation and re-appointment of Senator Clark.

"I came to California on business and never thought that such a scheme would be hatched during my absence from my executive duties or I would never have left the chair in the power of the lieutenant governor. There is no way of preventing this act as the lieutenant governor is invested with the same rights as the governor during the absence of the latter. I knew Spriggs was favorable to Clark, but did not think he would be guilty of such an act in face of the fact that not 25 per cent of Montana people were favorable to Clark as their representative in the halls of congress."

Governor Smith Departs Hurriedly.

Grass Valley, Cal., May 15.—Gov. Smith of Montana left here Tuesday afternoon for Montana. His departure was unexpected and was hastened by the news of Senator Clark's resignation and his reappointment by Lieutenant Governor Spriggs.

Clark's Case Goes Over.

Washington, May 16.—President Pro Tem Frye laid before the senate the resolution on Senator Clark's case. Mr. Chandler asked that the resolution be postponed until 1 o'clock on Saturday in order to give the senate committee on privileges and elections an opportunity to consider whether any further action is necessary. This was agreed to.

Texas Wheat Crop.

Fort Worth, Tex., May 16.—The consensus of opinion among the grain men gathered here is that the coming wheat crop will be between 12,000,000 and 14,000,000 bushels. In discussing the oat

crop they say that the acreage in northern Texas is smaller, but larger in the central portion of the state, making, they state, the acreage about the same as last season. It is too early yet to make estimates on the coming oat crop, they say, as the oats have not as yet headed.

Convicted of Larceny.

Ardmore, I. T., May 16.—In the Federal court a jury in the case of Alf Williams charged with the larceny of cattle returned a verdict of guilty.

PHILIPPINE JESUITS.

They Issue a Pamphlet That Has Some Startling Orders.

Manila, May 16.—The most sensational news of the week has been the general distribution by the Jesuits of a pamphlet in which is set forth the "truths which Christians must observe." Among the things most strongly condemned by the Jesuits in this pamphlet are religious tolerance and recognition of civil marriage. Consequently this act of the Jesuits is considered by many to be an attack upon the American administration. The pamphlet in question says:

"1. The command of the church must be obeyed in the same manner as the law of God.

"2. You must subject your own judgment to that of the church and think exactly as the church thinks, for the church cannot be overcome.

"3. You must reject and condemn the Masonic sect, so frequently rejected and condemned by the supreme pontiffs.

"4. You must also reject and condemn liberty of worship, liberty of press, liberty of thought and the other liberties of perdition condemned and rejected by the press.

"5. You must also reject and condemn liberalism and modern progress and civilization as being false progress and false civilization.

"6. You must utterly abominate civil marriage and regard it as pure concubinage.

"7. You must also condemn and reject the interference of the civil authorities in any ecclesiastic, so much in vogue nowadays.

"8. Finally, you must hold the belief that the church by its origin has a divine and supernatural authority and is, moreover, superior to the civil authority. And reject and condemn the doctrine that the church is independent or ought to separate itself from the state.

"9. Children must be up in the above views, condemning whatever the church condemns. And children must be educated solely in Catholic schools by genuinely Catholic teachers, and not on any account in unsectarian schools, which are strictly forbidden by the church."

The foregoing commands are backed by many quotations from the bible, ecclesiastics and letters from different popes. This pamphlet was issued without duly expressing church authority and until the organ of the Roman Catholic church in Manila, a Spanish newspaper called the *Liberastus*, admitted the fact that the priests had published, and with every right the pamphlet in question, considerable doubt was entertained as to its authority.

INSPECTED INDUSTRIES.

Delegates to Southern Industrial Convention Take in Chattanooga.

Chattanooga, May 16.—The Southern Industrial convention in a body, accompanied by a large delegation of Chattanoogaans, devoted the forenoon to the inspection of the industries located in this city, traveling in a special train of the belt line of the Alabama Great Southern railway. Sixty-five manufacturers were passed on the trip, stops being made at several of the most important.

Secretary of Agriculture Wilson addressed the convention at night on the "Industrial Interests of the South."

General Joseph Wheeler has advised the convention that he will be here, enroute to Birmingham, and will deliver an address on the "South and Its Relations to the Trade of the Philippines and the Orient."

Delegations have arrived from New Orleans, Cincinnati and Philadelphia.

Last Appropriation Bill Passed.

Washington, May 15.—The house has sent to the senate the last appropriation bill—the military academy bill—and will be ready to adjourn as soon as the senate disposes of those it passed and the two houses adjust the differences in conference.

The house will now take up the bill to establish a civil government for Alaska.

When the session opened Mr. Gillett of Massachusetts asked unanimous consent to consider the senate bill to reincorporate the American National Red Cross.

Mr. Bailey of Texas in unmistakable terms announced his objection. The Red Cross, he said, was an excellent charitable organization, but the bill violated sound principles of government. He also objected when Mr. Overstreet of Indiana tried for unanimous consent to consider a senate bill for the retirement as first sergeants of the four survivors of the Lady Franklin Bay relief expedition.

Delinquent Corporations.

Austin, Tex., May 16.—The clerical force in the secretary of state's office

You may not be satisfied

With the Groceries you get and the prices you have to pay for them. But whether you are satisfied or not, we feel that we can interest you if you will give us a fair trial. We harmonize price and quality to the perfect satisfaction of the economist and the epicure. Let us fill your orders for groceries this month.

BRYAN Grocery Co.,

TOM A. SEARCY, Manager.

Housekeepers

are never happier than when through "spring cleaning." We have many adjuncts for the business. As helps we might mention our Household Ammonia, Soap Bark, Benzine, Borax, Carbolic Acid and many other articles for cleaning and disinfecting the house and premises.

Remember our bed bug poison is the best and true to its name, "Kills 'em."

We have also full line Fishing Tackle, Base Ball Goods and Sporting Goods that we invite you to inspect before you buy. Remember the place to buy your drugs and have your prescriptions filled. Nothing but the very best service offered.

Ben S. Read....

has completed the compilation of the list of domestic and foreign corporations which are delinquent in paying their franchise tax to the state. There are over 1000 of these corporations, most of which are domestic. Their charters will be immediately declared forfeited. The charters can be renewed by the defaulting corporations paying a penalty of \$5 per month for the period they are delinquent.

May Straighten the Brazos.

Chappell Hill, Tex., May 16.—The Brazos bottom farmers are preparing to form a club for the purpose of straightening the course of the river in this vicinity by cutting through several of the abrupt bends.

Tien Tsin, May 16.—More "boxer" outrages are reported 60 miles north of Tien Tsin, where a number of Christians have been massacred. The British admiral has arrived here and proceeded to Peking.

CROP BULLETIN.

Drouth and Frosts the Only Drawbacks
Reported by Weather Bureau.

Washington, May 16.—The weekly
crop report of the weather bureau says
much needed rains have fallen north-
ward of the Ohio and Missouri rivers.
The drouth conditions are increasing
over a large part of the middle Atlantic
states and a portion of Tennessee.

The conditions were generally favor-
able except in New England and al-
though the temperature averaged nearly
normal in the gulf states complaints of
the unfavorable effects of cool nights on
germination and growth are received
from the central and eastern portions.
Frosts more or less injurious, were very
general east of the Mississippi as far
south as Tennessee and western North
Carolina on May 10 and 11. On the
whole the week has been exceptionally
favorable to corn and planting has pro-
gressed rapidly.

Complaints of unfavorable effects of
cool nights on cotton continue from the
central and western portions of the cot-
ton belt, where planting is nearing
completion, but as a rule the crop has
made favorable progress. Over much of
the flooded districts of Texas there has
been absence of rain or only light show-
ers, conditions needed for planting and
replanting, which work was vigorously
carried on. Much planting remains to
be done in the central and southern
portions of Texas and generally the crop
in that state is late and irregular.

Tobacco plants are reported backward
in Kentucky, although plentiful, as
elsewhere.

Fruit reports for the most part con-
tinue favorable, although apples and
pears are dropping more or less exten-
sively in portions of the east gulf states
and in Missouri, Kansas and Arkansas.

Georgia Primaries.

Atlanta, May 16.—Democratic white
primaries were held throughout Georgia
Tuesday for the choice of United States
senator, congressmen from the eleven
districts, governor and other state offi-
cers, members of the general assembly
and many judges and county officers.

The action of the primaries is equiva-
lent to an election, and consequently
Senator Bacon will be returned and
Governor Candler and other state offi-
cers will remain in office two years long-
er and there will be no change in Geo-
gia's delegation in congress.

Hon. Clark Howell, editor of the At-
lanta Constitution, was chosen state
senator from the Atlanta district.

South Carolina Democrats.

Columbia, May 16.—The State Demo-
cratic convention met here today
with a large attendance of delegates. All
factions of the party are united and the
convention a harmonious one. The
principal business before it is to name
delegates to the national convention.
Senator Tillman, Governor McSweeney,
Wiley Jones and Congressman Latimer
will probably be chosen. They go in-
structed for Bryan.

The platform to be adopted by the
party will condemn trusts and imperi-
alism and endorse W. J. Bryan and free
silver.

California Republicans.

Sacramento, May 16.—The Republican
state convention met here Tuesday and
adopted a platform which declares for
the construction of an interoceanic canal
under government ownership and con-
trol, against the influx of Asiatic labor,
and endorses the administration of Mc-
Kinley.

U. S. Grant, Jr., George Pardee, Geo.
A. Knight and N. D. Rideout were
elected delegates at large.

Toulik Brewing in Panama.

New York, May 16.—Orders will be
issued by the navy department, di-
recting either the Philadelphia or the
Ranger to proceed to Panama. This
action was taken as a re-
sult of a dispatch from H. A. Gudger,
consul general of the United States in
Panama, reporting that great excitement
prevails there in consequence of the ap-
proach of the insurgent army. Panama
is apparently the objective of the insur-
gent commander, who, according to the
consul general, is within four days' march
of the Colombian port.

Bonham as an Egg Market.

Bonham, Tex., May 16.—One who is
not here to see the vast amount of eggs
shipped from this city cannot realize its
enormity. A large business house is
occupied solely for the purpose of
handling these eggs, and several men are
employed in the work. The farmers, or
rather the farmers' wives, in the coun-
try have reaped great benefits by this in-
dustry.

Ends in a Row.

Perry, O. T., May 16.—The Populists
and Democrats of Payne county at-
tempted to fuse on county officers here,
but a general row was the result. The
leaders reached a partial agreement on
some of the officers, but a large number
of the rank and file of both parties
walked out of the mass meeting and re-
pudiated the action of the bosses.

Publishers Combine Against Syndicate.

Berlin, May 16.—Owing to the crea-
tion of a printing paper syndicate, news-
paper publishers have agreed to erect
paper mills for themselves.

NEWS IN BRIEF.

The Arkansas Press association is hold-
ing its annual session at Little Rock.

British casualties in the South Afri-
can war foot up 10,035, not including
8901 sick in the field and the wounded
returned to England.

In a small riot at St. Louis over the
street car strike two men were shot.

Fisher, Mich., was practically wiped
out by fire. Loss will reach \$200,000.

Glanders is prevalent among horses
north of Quanah, Tex.

Col. Sexton Dead.

Col. F. B. Sexton, an old land-
mark of Texas and a very prominent
character, died in El Paso Tuesday.
He was born in April, 1828, in In-
diana, and came with his father's
family to San Augustine, Texas, in
1837. He was admitted to the bar by
act of the legislature before reaching
his majority. He was Grand Master
of Masons in Texas in 1856; Grand
High Priest of Royal Arch Masons
in 1867, and Grand Commander of
Knights Templar in 1870. He was
elected a member of the Confederate
congress in 1861, and re-elected in
1863. An able jurist, a profound
lawyer, respected and admired by all
who ever knew him. At the time of
his death he was United States com-
missioner at El Paso. He will be
buried at Marshall Thursday after-
noon. The Eagle is indebted to Gen.
H. B. Stoddard for the data concern-
ing his life.

RAILROAD MEETING.

Executive Committee and City Council Take Action.

The committee to secure fran-
chise and right-of-way for the C.
W. & B. V. railway held a meet-
ing at the office of the Chatham
Machinery Company yesterday,
and on motion, adopted a request
to the city council to grant to the
said railroad company the right to
construct their said road along and
through Burleson street to and
across Red Top street and through
block 117 to and across Fannin
and Bryan streets to its depot
grounds on block 253; also a spur
track up Main street to the south
line of Fannin street, to give ac-
cess to the compress; also the right
to construct one track from its
main line up Bryan street to the
oil mill; also the right to close so
much of Lamar street as is included
between blocks 253 and 254. The
request was signed by Dr. J. L.
Fountain, J. A. Myers, M. Parker,
J. W. Doremus, H. Rohde, J. W.
Coulter, J. W. Johnson, S. B.
Buchanan, J. W. Howell, L. L.
McInnis and John D. Daly.

Dr. J. W. Howell and W. E.
Saunders were appointed a com-
mittee to confer with J. F. Parks
and C. A. Adams for the purchase
of lots in block 117. The meeting
was then adjourned.

The city council met at 11:30 a.
m., Alderman R. G. Tabor, mayor
protem presiding, and the request
of the executive committee above

set forth was read by the city sec-
retary. Engineer Trammell was
present and with a city map and
profile drawings explained to the
council the route desired. He
stated that the oil mill switch
would be used only for carrying
cars to and from the oil mill and
that cars would not be allowed to
stand on it.

On motion of Alderman Wip-
precht the city attorney was in-
structed to draw up an ordinance
covering the request of the com-
mittee and protecting the city from
suits for damages, providing for
keeping crossings, etc., in thor-
ough repair, as provided by law,
and embodying the stipulation that
cars shall not be allowed to stand
on Bryan street.

The council adjourned to meet
at 3 o'clock p. m.

The council met in the afternoon
and an ordinance submitted by
City Attorney Butler, providing
for the right of way over the streets
as above described, was passed by
a vote of 3 to 1.

It is said of the southern people
that they are learning to patronize
and promote home industries, and
the farmers are getting on a pay-
as-you-go, home-living basis. The
south is making fine wines, cordi-
als and canned goods, raising its
own meats, bread, rice, sugar and
tobacco, and spinning cotton and
wool. Texas has been behind,
but sees the new light. We have
learned not to despise small
things in an agricultural and in-
dustrial way. We have learned
that the east got rich and formed
the big trusts partly from the
profits made out of the south on
little things.

Precinct Call.

The democrats of Bethel Precinct
No. 2 are hereby called to meet at
Bethel Academy Friday night,
May 18, at 8 o'clock to elect dele-
gates to the county convention.

C. S. Jones, Chairman.

Mrs. John Whitfield Doremus entertained lady friends at a six handed euchre party yesterday afternoon. Mrs. Doremus was assisted in receiving by Mrs. W. E. Harris, Mrs. L. L. McInnis, Mrs. Carlton, Mrs. J. K. Davis, Miss Foote and Miss Butler. More than eighty ladies, married and unmarried, were present, and eight tables were used in the game. The playing was spirited and greatly enjoyed. The lone hand prize, a bisque figure, was won by Miss Parker, and presented by Miss Marion Foote. The first prize, a bisque candle stick, was awarded to Mrs. Seth Mooring, the presentation being made by Mrs. John K. Davis. The consolation prize, an artificial palm, went to Mrs. Jno. B. Hines and was presented by Mrs. Buchanan. An elegant salad course with champagne was served.

Hot lunches served quickly day and night at Edinburg's restaurant. 14

CAUTION AGAINST PLAGUE.

Coffee Steamer Not Permitted to Land at New Orleans for Thirty Days.

New Orleans, May 16.—The state board of health has passed resolutions declaring the coffee ship Corsica, with a cargo from Rio de Janeiro, will not be allowed to land until 30 days fumigation and detention in case no symptoms of bubonic plague are developed at the end of that time. The Corsica sailed on April 15, at which time there were several cases of plague there.

As a result of the transaction of the board, S. V. Fornaris & Company, local agent for the French line of vessels to which the Corsica belongs, cabled Paris, cancelling all sailings of coffee steamers, via Brazil to this port for the rest of the year. The result of this action will be a total annihilation of the coffee importers petitioned the board to allow the Corsica to land on the ground the steamer Coleridge had been permitted to land at New York this week, although sailing from Rio de Janeiro two days later than the Corsica.

The local board instead of receiving the petition favorably denounced the action of the New York board as extremely reprehensible.

PLAYED BANDITS.

How Cubans Schemed to Keep Guards from Being Reduced.

Havana, May 16.—Two supposed bandits recently captured near Remedios have quite an interesting story to tell if the reports just received concerning them by General Wood prove to be true. Orders were recently issued to reduce the rural guard in the province of Santa Clara to 200 men. General Wood's correspondence asserts that Civil Governor Gomez and General Jesus Montedugo decided that if it could be managed, there should be no reduction. Consequently two men were employed to act the part of bandits and to create a small reign of terror in order to make General Wood believe that the rural guard was very necessary.

After the two men were captured the rural guard requested permission to try them themselves, and they also undertook to return all the stolen property to the owners. This seemed such an extraordinary proposition that General Wood concluded that the information he had received was probably founded on facts. He ordered the rural guard to turn the two bandits over to the civil court for trial, and thanked the rurals for the efficient work they had done in making the capture.

SERIOUS FIRE.

Two Persons Killed and Several Injured, Some Being Badly Hurt.

Chicago, May 16.—The hotel Helene was destroyed by fire early this morning. The conflagration was very fierce and many of the occupants were forced to jump from the windows to escape the flames. Two persons were killed and 15 injured, some severely.

The building was a 3-story structure containing 100 rooms. All of these were occupied. The place was closed for the night and the guests had to be aroused by the police. Several police were injured.

Missouri Republicans.

Kansas City, May 16.—The Republican State convention was called to order this morning. Report of the credentials committee was adopted without debate as was also the report of the committee on organization. C. P. Walbridge ex-mayor of St. Louis, was made permanent chairman. Chairman Walbridge spoke briefly and introduced Nathan Frank of St. Louis, chairman of the committee on resolutions, who then read the platform which was unanimously adopted.

St. Louis Street Car Strike.

St. Louis, May 16.—Traffic along the lines of the St. Louis Transit company's system are gradually being resumed and are assuming the semblance to former conditions. None of the 2325 striking street car employees have resumed work, but many cars are being operated with non-union men, many of whom have been secured from distant points. More cars are being run on the lines than have been in operation for the last few days and other branches have been reopened to traffic. The Suburban road has entirely resumed traffic on all lines.

Will Visit the United States.

Chicago, May 16.—President Roca, of the Argentine Republic, will visit the United States incognito. Senor Jose Faer, who is in Chicago on his way to Los Angeles, says that President Roca's intention is to study the American people and their customs with a view of shaping the Argentine mode of living after the American fashion.

Will Not be Withdrawn.

Washington, May 16.—At the instance of Rear Admiral Remy, in command of the naval forces on the Asiatic station, the navy department has reconsidered its decision to recall to the United States the gunboats Concord and Bennington. They are wanted there for their light draught.

Improvements at the Asylum.

Terrell, Tex., May 16.—The board of managers of the North Texas insane asylum met here in special session and awarded contracts for the building of a new kitchen at a cost of \$13,993 and a new powerhouse at a cost \$11,600, making additional improvements of \$25,593.

Big Sale of Wool.

Denton, Tex., May 16.—One of the largest sales of wool consummated in this county in years was a sale at Trinity Mills of 9000 pounds of wool sheared from Denton county sheep. The price paid was 20 cents a pound, a total of \$1800.

The Great Beverage.

Among the great treasures extracted from Nature's Store house by man's ingenuity and energy, none exceeds in pleasant effects on mind and body the sparkling, invigorating brew from the perennial leaves of the sub-tropical plant, TEA.

ICED TEA

Respectfully

SURRENDER ADVISED.

That Is the Most Important News From South Africa.

IT SEEMS RELIABLE.

Boer Delegates Are Said to Have So Advised Transvaalers if Defeated at Vaal River—Mafeking Is Still Holding Out.

London, May 16.—The most important developments in the war news is the statement cabled from Cape Town announcing that the Boer delegates had advised the Transvaalers to surrender if defeated at the Vaal. This remarkable announcement is vouched for on good authority, and evidently obtains more credence at Cape Town than would a mere rumor. The occupation of Glencoe was merely a logical sequel to Buller's advance and the Boers' retreating movement.

As usual the Boers are reported to be flying precipitately, but also as usual, the accounts adds, their transports and guns were removed in safety, which, in itself, is a contradiction of any statement made that the Boers were panic-stricken.

Nothing further has been heard from Mafeking, and it is reasonable to suppose the conditions there are unchanged. The prolongation of the siege only intensifies Great Britain's anxiety to hear of its relief.

About 1100 more troops have arrived at Beira, Portuguese East Africa. Among them is Lord Dunraven who accompanied the Dunraven sharpshooters as supernumerary captain on the battalion staff.

The governor of Beira in the course of a speech at a dinner of the yeomanry, said:

"Friends, as we always have been of England, we could never have realized the magnificent unity of the Anglo-Saxon race without such an object lesson. Realizing this, Portugal not only congratulates her ancient ally but rejoices with it as the strengthening of a friend is the strengthening of ourselves."

Apparently Lord Roberts is still waiting at Kroonstadt, preparatory to making a swift movement on Vaal river.

The war office posted the following dispatch from Buller, dated Dundee, May 16:

"We occupied Glencoe yesterday. The Transvaalers have now evacuated Biggarsburg. Free Staters on Drakensburg are much reduced in numbers. Carolina, Lydenberg and Pretoria commandos trekked north from Hlatikulo on May 13 and 14 with 11 guns which were entrained at Olencoe. The last train with ambulance left there at dawn May 15. This result has been largely produced by action of the Fifth division which during the last few days has done a great deal of very hard work—marching, mountain climbing and road making. Trains are now running to Wessels Station."

The war office posts the following from General Roberts under date of Kroonstadt, May 15:

"Two officers and six men of Prince Alfred's guard's, while out foraging yesterday a few miles from Kroonstadt, visited a farm flying a white flag the owner of which surrendered himself with arms and ammunition. They then approached another farm flying a white flag. When within 40 yards of the enclosure, they were fired upon by 15 or 16 Boers concealed behind the farm wall. Two of the men were killed, Lieutenant F. B. Walton wounded and Lieutenant W. Beverton and two noncommissioned officers taken prisoner. Owner of farm states that the Boers threatened to shoot him when he protested against their making improper use of white flag."

Boers Reported Repulsed.

Lorenzo Marques, May 16.—A Portuguese official dispatch says an encounter has occurred at Mafeking and the Boers have been repulsed with heavy loss.

Not Officially Notified.

Washington, May 16.—No one connected with the Boer delegation in New York has yet communicated with the state department in relation to any reception of the delegates in Washington by the authorities. Only by unofficial means has it become known to the officials that the delegates would reach here within three days and that a public demonstration is being arranged in their honor at one of the theaters for Sunday night. It is assumed that if any effort is made to introduce the Boer delegates officially, this will be conducted by Mantagu White, who preceded them as an unofficial representative of the Boer republics, or perhaps by Charles E. Pierce, who, as consul general of the Orange Free State in New York, is the only person to whom the United States government has yet extended any official recognition as a representative of the Boer republics.

Wiped Out by Yellow Fever.

Rio de Janeiro, May 16.—One of the most disastrous accidents that ever befell an opera company was the complete destruction by yellow fever of an Italian Opera company which gave performances in the city of Manor, and other cities in central Brazil.

Disturbance Prorogues Parliament. Rome, May 16.—Disturbances in the chamber of deputies have resulted in a royal decree proroguing parliament.
